Career Summary

Scott Isensee joined Pfefferle Companies in August 1995. As director of safety and security, Mr. Isensee performs facility security surveys, oversees the planning, installation and operation of CCTV, IDS, and access control systems, as well as manages contract security guard services. He is a proponent of objective based security design, implementing security systems and policies that meet the specific needs and concerns of the property, instead of simply installing a standard checklist of security systems.

Mr. Isensee is certified as a physical security specialist and is trained in facility security master planning, system design, security installation project management, CPTED, security liability, Lean processes, and holds a 30-hour OSHA General Industry Safety card.

As director of human resources, Mr. Isensee is responsible for planning, directing and coordinating the human resources functions of Pfefferle Companies. He oversees the recruiting, interviewing and hiring of new staff, consults with top executives on strategic planning and serves as a link between the organization's management and it's employees.
